WEEKLY UPDATE

11/12/2020

Dear Residents and Families/Representatives,

Please accept this letter as our weekly update regarding the status of COVID-19 in our facility. Since the onset of this virus, we have had 34 residents and 29 staff members test positive for COVID-19. Fairfield has completed 17 weeks of weekly testing for the employees with one new case on November 4, 2020. We have completed our second round off testing of all the residents in the facility and we are happy to report that no resident tested positive for COVID-19. Fairfield will be conducting outbreak testing for the next two weeks for surveillance purposes. During this time, visitation will not be allowed. Exceptions will be made for compassionate care situations.

We are committed to eliminating this virus from our facility, and as we previously reported, we will continue to implement and practice enhanced safety precautions recommended by our federal, state and local health officials, such as, only allowing essential personnel inside the facility, performing regular screenings for signs and symptoms of illness prior to entering the building, continually monitoring residents, performing regular deep cleanings, using PPE as recommended by the CDC, providing individual activities as opposed to group activities, implementing isolation protocols as required, and reminding and encouraging staff to practice social distancing and to use hand sanitizer and frequently wash their hands when they are in the facility and out in the community. We ask them not to report to work if they have symptoms of illness.

Please continue to check our website for weekly updates as well as notification of new cases. As always, we will notify you if we receive confirmation of a new positive case in our facility and we will reach out to you individually if your loved one is displaying symptoms of COVID-19 or tests positive for COVID-19.

If you have any questions or concerns please contact us directly at (410) 923-6820.

Sincerely,

Charles Woodberry, MS., LNHA

WEEKLY UPDATE

11/18/2020

Dear Residents and Families/Representatives,

Please accept this letter as our weekly update regarding the status of COVID-19 in our facility. Since the onset of this virus, we have had 34 residents and 31 staff members test positive for COVID-19. Fairfield has completed 18 weeks of weekly testing for the employees with two new cases on November 12th and 15th, 2020, which we previously reported to you. We have completed our third round off testing of all the residents in the facility and we are happy to report that no resident tested positive for COVID-19. Fairfield will be conducting outbreak testing for the next two weeks for surveillance purposes. During this time, visitation will not be allowed. Exceptions will be made for compassionate care situations.

Thanksgiving Update

Dear Residents/Families/Friends,

As Thanksgiving quickly approaches this week, we want to take a moment to thank you for your continued support throughout this pandemic. Our facility has faced unprecedented challenges over the last eight months and we appreciate your patience and understanding as we do our best to ensure your loved ones remain safe.

We are extremely grateful that you have entrusted your loved ones to our care and we are making every effort to provide our residents with a wonderful Thanksgiving. And while the recent rise in COVID-19 cases all over the country has affected how we all are celebrating this holiday; our facility will provide the residents with a Thanksgiving meal and our Activities Department will provide each resident with a dessert of their choice.

Also, as a reminder, visitations will not be allowed. Exceptions will be made for compassionate care situations.

As a reminder, our total number of cases to date are as follows: 34 residents and 31 staff members have tested positive for COVID-19. Our regular weekly updates will resume next week and we will continue to update you on our website if we receive notifications of new confirmed cases of COVID-19. As always, if you have any questions or concerns please don't hesitate to contact us directly.

On behalf of the entire staff at Fairfield Nursing and Rehabilitation Center, I wish you a happy and safe Thanksgiving.

Sincerely,

Charles Woodberry, MS., LNHA

WEEKLY UPDATE

11/4/2020

Dear Residents and Families/Representatives,

Please accept this letter as our weekly update regarding the status of COVID-19 in our facility. Since the onset of this virus, we have had 34 residents and 28 staff members test positive for COVID-19. Fairfield has completed 16 weeks of weekly testing for the employees without any new cases. Unfortunately, we have been informed that one of our residents who previously test positive for COVID-19, has re-tested positive in the hospital. We have tested all the residents in the facility and we are happy to report that no other resident tested positive for COVID-19. Fairfield will be conducting outbreak testing for the next two weeks for surveillance purposes. During this time, visitation will not be allowed. Exceptions will be made for compassionate care situations.

We are committed to eliminating this virus from our facility, and as we previously reported, we will continue to implement and practice enhanced safety precautions recommended by our federal, state and local health officials, such as, only allowing essential personnel inside the facility, performing regular screenings for signs and symptoms of illness prior to entering the building, continually monitoring residents, performing regular deep cleanings, using PPE as recommended by the CDC, providing individual activities as opposed to group activities, implementing isolation protocols as required, and reminding and encouraging staff to practice social distancing and to use hand sanitizer and frequently wash their hands when they are in the facility and out in the community. We ask them not to report to work if they have symptoms of illness.

Please continue to check our website for weekly updates as well as notification of new cases. As always, we will notify you if we receive confirmation of a new positive case in our facility and we will reach out to you individually if your loved one is displaying symptoms of COVID-19 or tests positive for COVID-19.
