

## **WEEKLY UPDATE**

**May 14, 2020**

Dear Residents and Families/Representatives,

We want to take this opportunity to let you know that as of today, 34 residents and 26 staff have tested positive for COVID-19. We continue to administer tests to make sure we have as much information as possible so we can effectively prevent further transmission of this virus in our facility.

While we are disappointed that we continue to see additional cases of COVID-19, we want to assure you that our staff is working tirelessly to keep everyone in our community safe and reduce the number of positive cases in our facility. We are in constant communication with our federal, state and local health officials, including the Centers for Disease Control (CDC) and the Centers for Medicare and Medicaid Services (CMS), and are following all of their recommendations, such as:

- Only essential personnel are permitted inside the facility and they are screened for signs and symptoms of illness prior to entering.
- Residents are continually monitored.
- Housekeeping is performing regular deep cleanings of the facility.
- Staff receives education and wears personal protective equipment (PPE) as recommended by the CDC.
- Group activities have been suspended and staff is providing individual activities for residents.
- We are implementing isolation protocols as required.
- We encourage staff to practice social distancing and to use hand sanitizer and frequently wash their hands when they are in the facility and out in the community.

As a reminder, we will notify you through our website of newly confirmed cases of COVID-19 as well as when three (3) or more residents and/or staff present with new onset respiratory symptoms that occur within seventy-two (72) hours. We will also update you with any new steps we are taking to prevent and reduce the risk of transmission of COVID-19.

Again, please check our website for more updates but if you have any questions about this update please contact us directly at 410-987-9157.

Sincerely,

*Charles Woodberry*

## WEEKLY UPDATE

**5/22/2020**

Dear Residents and Families/Representatives,

It is hard to believe that it has been over two months since COVID-19 so drastically changed our lives. We have all had to make big adjustments in an effort to keep everyone in our community safe, and we appreciate your support as we continue to take all necessary steps to prevent further spread of COVID-19 in our facility.

We are happy that it has been seven days since we received confirmation of a new positive case and we hope this trend continues. As of today, we have a total of 34 residents and 27 staff members that have tested positive for COVID-19. Of those positive cases, 26 residents and 20 employees have resolved. The majority of residents and staff have been tested except for 1 resident that refused testing and 4 employees. The resident that refused the test has been placed on isolation and the employees that have not been tested have been taken off of the schedule.

We are committed to seeing the number of positive cases go down and we will continue to implement and practice enhanced safety precautions recommended by our federal, state and local health officials, such as, only allowing essential personnel inside the facility, performing regular screenings for signs and symptoms of illness prior to entering the building, continually monitoring residents, performing regular deep cleanings, using PPE as recommended by the CDC, providing individual activities as opposed to group activities, implementing isolation protocols as required, and reminding and encouraging staff to practice social distancing and to use hand sanitizer and frequently wash their hands when they are in the facility and out in the community.

As a reminder, we will continue to post updates on our facility website and we will individually notify representatives/families regarding a resident's condition if he/she tests positive for COVID-19 or is displaying symptoms of COVID-19.

Again, please check our website for more updates and information. If you have any questions or concerns please contact us directly at 410-987-9157.

Sincerely,

*Charles Woodberry*

## **WEEKLY UPDATE**

**5/28/2020**

Dear Residents and Families/Representatives,

Please accept this letter as Fairfield Nursing and Rehabilitation Center's weekly update to keep you informed about the status of COVID in our facility and what our facility is doing to keep our residents and staff safe during the ongoing coronavirus pandemic.

We are happy to report we have not had any additional confirmed cases of COVID-19 since May 15<sup>th</sup>, with a total of 34 residents and 27 staff members that tested positive for COVID-19. Of those positive cases, 28 residents and 23 staff members have resolved.

We are committed to eliminating this virus from our facility, and as we previously reported, we will continue to implement and practice enhanced safety precautions recommended by our federal, state and local health officials, such as, only allowing essential personnel inside the facility, performing regular screenings for signs and symptoms of illness prior to entering the building, continually monitoring residents, performing regular deep cleanings, using PPE as recommended by the CDC, providing individual activities as opposed to group activities, implementing isolation protocols as required, and reminding and encouraging staff to practice social distancing and to use hand sanitizer and frequently wash their hands when they are in the facility and out in the community.

As a reminder, we will continue to post updates on our facility website and we will individually notify representatives/families regarding a resident's condition if he/she tests positive for COVID-19 or is displaying symptoms of COVID-19. If you have any questions or concerns please contact us directly 410-923-6820.

Sincerely,

*Charles Woodberry*
